

# Orchid Society of Northern Nevada

Established in 1985 – 32 Years of Growing

## President's Message:

Elections will be here before we know. It's time to think about how you can benefit and be of benefit to OSNN. We have a great group of people - friendly, helpful, knowledgeable, diverse and talented. Where can you put your talents to benefit our society? What is it that you're good at? We are financially solid, and programs and speakers are in place through the end of the year. But every organization needs different people with new ideas. Think about it and we'll talk more.

## Orchid and More

**Jonathan Robbins** has been growing orchids since 1994. When he was in high school, his family moved to Sarasota, FL. One summer, Jon volunteered at the Marie Selby Botanical Gardens, where he fell in love with tropical plants. He was accepted for a horticultural internship at Selby. Selby has one of the largest orchid collections in the world and he was hooked. Jon eventually moved to Sacramento and bought Calwest Tropical Supply. (It will soon be renamed "**FloriCulture, Orchid & Specialty Growing Supplies**") Jon sells both orchids and supplies. He is on the board of the Sacramento Orchid Society.
